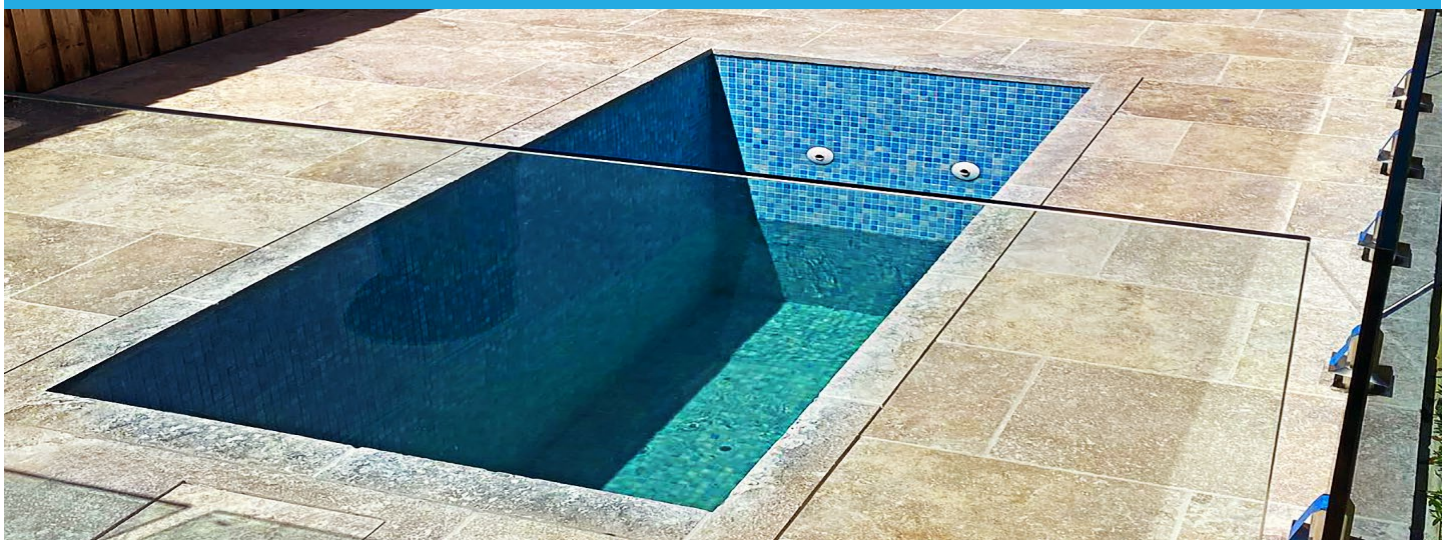
DAWN

4,400L Rectangle - no seats
2,900mm x 1,380mm x 1,750mm



OUR SECOND SMALLEST PLUNGE POOL AVAILABLE, THE DAWN IS PERFECT FOR TIGHT SPACES SHORT AND LONG SEATING UPGRADE AVAILABLE!

A popular option for those with limited room in their backyard, our Dawn is the second smallest rectangle Plunge Pool available in our range. Whilst the Dawn comes standard with no seating, you do have the option to get the most out of the Dawn by upgrading to either a short or long bench seat. This pool measures 2.9m x 1.38m x 1.75m.

Our precast Plunge Pools are a popular option for the Australian backyard as they can be installed above ground, semi in ground or fully in ground. The pool will be delivered to site with your selected pool interior as well as with pre plumb, meaning that your pool can be fully installed within 1-2 days. Although we operate as a manufacturer and don't get involved with installation, we do have a network of different installers we can refer you to (location pending).

Alternatively, you can use a local builder (they don't have to be a pool builder).
If looking at ways to take your Plunge Pool to the next level we have a large range of Upgrades available. For those wanting to use their pools all year round we have heating options as well as spa covers available to suit most job requirements. If looking to incorporate a spa component to your pool we also have our Spa Jet Package upgrade.
